## HOMMAGE DE RECONNAISSANCE À NOS PRÊTRES ZÉLÉS

Révérends Pères:

Le jour inoubliable de notre graduation est aussi celui de la reconnaissance. Aussi sommes-nous heureuses de vous exprimer nos sentiments de vive, de sincère gratitude.

Merci, bon Père Pérennès, vous qui avez été pour nous le Pasteur dévoué soutenant nos faibles pas dans de chemin de la vertu. Votre zèle à faire le bien tranquillement et sans ostentation, nous parlera toujours de votre humilité et nous encouragera dans la suite, à agir pour Dieu et dans le seul but de Lui plaire.

A vous aussi, Révérends Pères, nous disons un cordial merci, Votre dévouement à seconder notre vénéré Pasteur dans l'oeuvre de notre chère Paroisse sera toujours pour nous un puissant stimulant à nous montrer, en toutes circonstances, de dignes Paroissiennes de Notre Dame de Pitié.

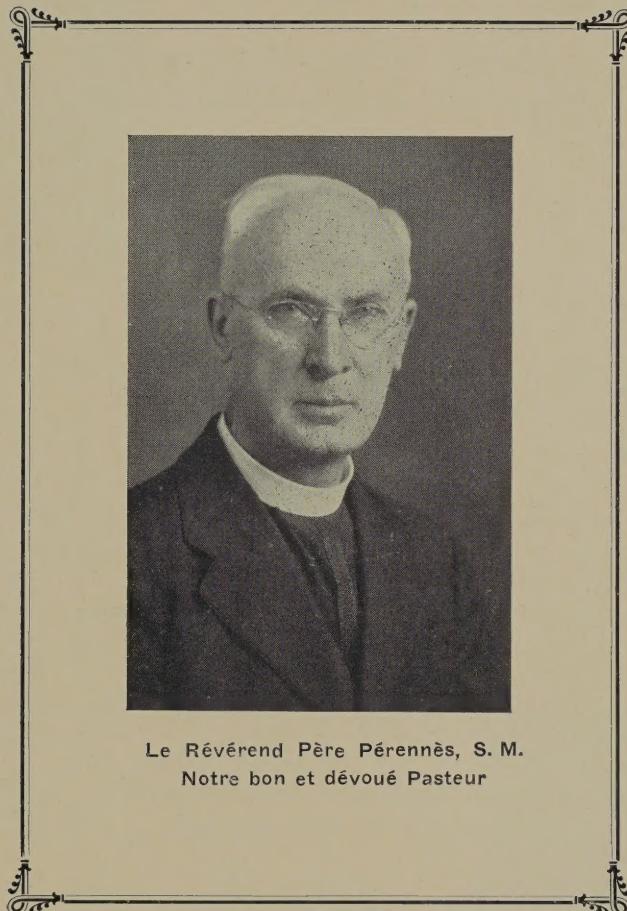

Révérends Pères, nous comprenons combien ce petit mot "Merci" est faible pour traduire notre reconnaissance. Mais nous le faisons monter vers Dieu, accompagné de nos ardentes prières pour qu'il vous récompense au centuple.

Puisse le Ciel garder dans nos coeurs le noble idéal et les vertus que vous y avez semés afin que nous puissions un jour, former Là-Haut votre couronne.

Vos enfants profondément reconnaissantes

## RECONNAISSANT MERCI À NOTRE DÉVOUÉE MÈRE CLAIRE ANNA

Bonne Mère:

Quelle joie pour nos coeurs de vous offrir, en ce beau jour, nos sincères remerciements pour tout le bien que vous nous avez fait pendant les nombreuses années que nous avons passées avec vous.

Vous avez été pour nous une bonne Mère, nous encourageant en tout et partout à être des enfants de devoir.

Vos précieux enseignements ne resteront point stériles. Avec l'aide du Bon Dieu, nous nous efforcerons de partager les nombreuses vertus dont vous nous avez donné l'exemple.

Nous demandons pour vous au Dispensateur de tout don, la force physique, tout d'abord, cette santé du corps, premier don de la terre qui vous permettra de remplir plus facilement votre noble tâche. La force morale ensuite, ou le courage et la lumière pour diriger les enfants confiés à votre garde.

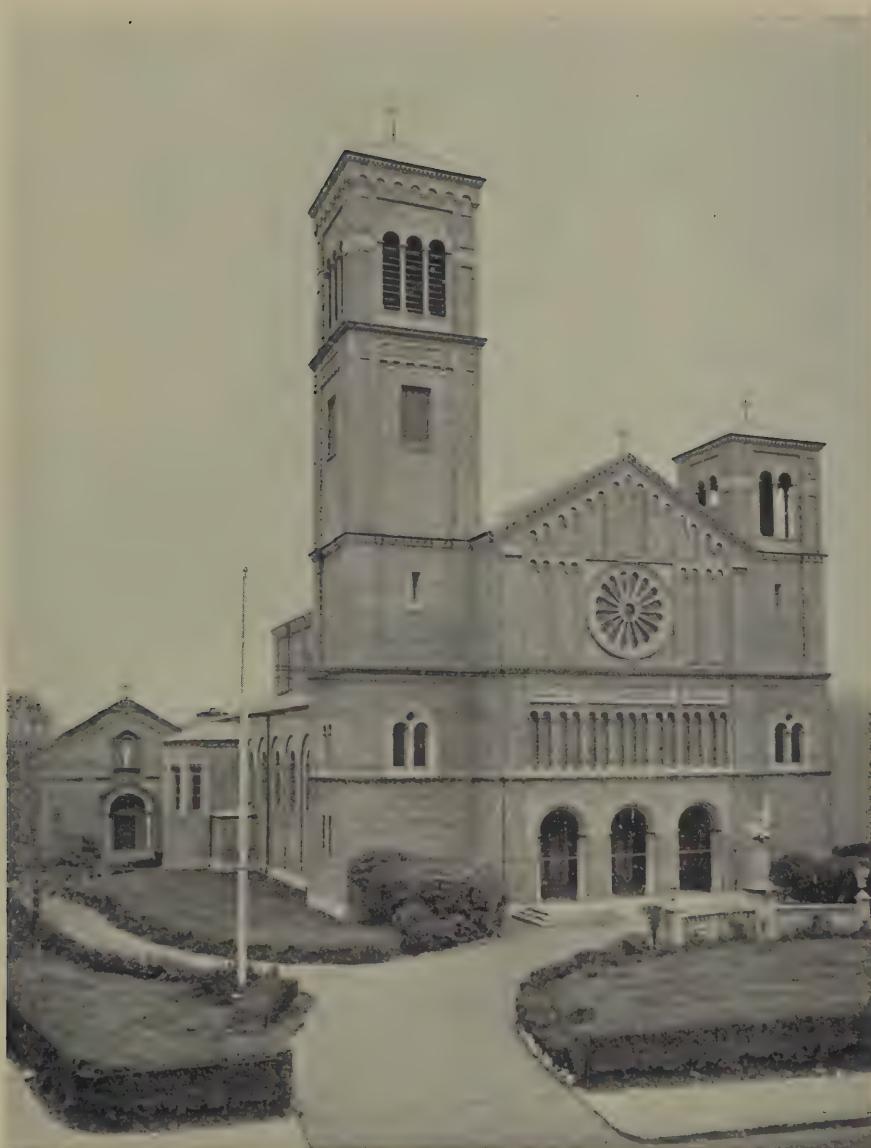

Ces sentiments, comme votre chère image, bonne Mère, nous les emportons dans nos coeurs; ils nous aideront à être dans nos familles les anges de vertu que vous avez pris à tâche de former en nous. Vous voudrez aussi prier pour nous, afin que nous nous retrouvions toutes ensemble au beau Paradis.

Vos enfants respectueuses

FIRST ROW—Left to Right: Carmelle Beaulieu, Thérèse Côté, Doris Beaudoin, Jannette Gagnon, Claire Boudreau, Yolande Lachance.

SECOND ROW—Left to Right: Rita Fréchette, Edna Gallant, Elisabeth Arseneaux, Thérèse Comeau.

THIRD ROW—Left to Right: Claire LaRoche, Jacqueline Marois, Emma Roy.

*"Sing! Oh sing with hearts uplifted  
Make of life a lovely song."*

Through the tireless efforts and genuine enthusiasm of our teacher, the club has developed into one of the school's outstanding activities.

The great success of the year was the Operetta: "Bernadette of Lourdes", presented on December 10, 1944.

Our March Radio broadcast was another thrilling event. The beautiful strains of a "Monastery Garden" still seem to linger on.

We did our utmost to add to the solemnity of the Christmas and Easter Services by pouring forth a melody of love and thanksgiving, the glad tidings of "Noël" and the joyful Alleluias of the Risen Christ.

Now that the "Bells of Notre Dame" peal out their happy tones for Graduation Day, we wish success to the remaining members. The pealing of the bells has ceased and only the sad echoing strains can be heard. They seem to say: "Farewell . . . Farewell!"

ELIZABETH ARSENEAUX

#### "Art is Power"

This dark-haired Miss began her education at Our Lady of Pity School where she continued to study until her Junior Year. She then decided to pursue her studies at Providence, R. I. When she came back to us in her Senior Year she was heartily welcomed. Elizabeth is the artist of our class; this, she has shown on many occasions. Reading is one of her favorite occupations. Novel after novel she reads, and there never seems to be an end to them! Elizabeth, a good pianist, has often delighted us with her musical interpretations. To this branch of the Fine Arts, Elizabeth will devote her time after Graduation.

## UNE BELLE SEMAINE

La semaine du 19 au 25 mars, 1945, fera époque dans notre vie scolaire. C'était la grande semaine de notre Retraite Annuelle et, en même temps ce que nous avons nommé "Semaine de la Vocation".

Pendant la retraite chaque élève a gardé un petit journal où nous avons puisé les pensées suivantes.

Marie manifesta une grande reconnaissance envers Dieu en tout temps. "Mon ame glorifie le Seigneur, car Il a fait en moi de grandes choses", a dit la Sainte Vierge dans son Magnificat. Dieu nous fait constamment du bien, Lui en sommes-nous reconnaissants?

"Honore ton père et ta mère".

Nous ne pouvons jamais nous acquitter de la dette de gratitude que nous devons à nos parents. Ce sont eux qui nous ont enseigné les premiers à aimer le bon Dieu et sa sainte Mère. Aimons donc nos parents de toutes nos forces; montrons-leur en toute occasion le plus grand respect et cela jusqu'à la fin de leurs jours.

La mort est une chose certaine; c'est la justice de Dieu sur la terre. Riches ou pauvres, jeunes ou vieux, tous nous devons passer par là. Soyons toujours prêts. Souvenons-nous que nous mourrons comme nous avons vécu.

C'est une chose sainte et sacrée que le mariage. Nous devons nous y préparer sérieusement. Nous devons fréquenter des Catholiques et des personnes de notre nationalité.

La Sainte Eucharistie est un sacrement qui nous aide puissamment à pratiquer les vertus. Que deviendrions-nous si nous n'avions pas la Sainte Eucharistie pour nous fortifier?

Aimons Marie de tout notre coeur. C'est en recourant à cette bonne Mère que nous aurons le bonheur d'accomplir fidèlement nos devoirs de chaque jour, et par ce moyen, nous contenterons le bon Dieu.

"La semaine des Vocations" ainsi nommée parce que ce sujet si important a été traité d'une manière toute spéciale a été un véritable succès.

DORIS BEAUDOIN

"Nothing great was ever achieved without enthusiasm"

Doris, our tall and sweet classmate, is well deserving of an honorable mention. Gentle and lady-like in manner, she is always tactful and ready to help one in difficulty. Her ability in Spelling is indeed remarkable. This she has proven by being the champion speller of her class, three years in succession. As a matter of fact, Doris is an honor pupil in all her other subjects. She has been a real example for her classmates by her perseverance in arduous tasks — reason why we feel sure of a successful future for Doris.

---

Nous avons assisté à la Sainte Messe tous les matins et nous avons invoqué la Très Sainte Vierge sous le titre de "Notre Dame des Vocations", lui demandant de nous éclairer dans le choix que nous devons faire pour suivre la Volonté de Dieu. Des livres traitant ce beau sujet nous ont été donnés et une exposition de dessins et de compositions sur "La Vocation" a eu lieu dans notre bibliothèque. Pour couronner cette semaine mémorable, La Révérende Mère Soline, Assistante-Générale de la Congrégation de la Sainte Union des Sacrés-Coeurs, que nous avions invitée pour la circonstance, nous a démontré par sa parole persuasive, la beauté de la Vie Religieuse, tout d'abord, et, ensuite, la grandeur de la vocation du Mariage.

Voici un petit résumé de cette belle conférence:

La Vocation Religieuse est la plus belle des vocations. Si les jeunes personnes comprenaient le bonheur de l'état religieux, il n'y aurait pas assez de place dans les couvents pour tous ceux qui demanderaient à y entrer.

Nous devons beaucoup prier pour connaître notre vocation, car si nous sommes là où le bon Dieu nous appelle, nous serons heureux, même en portant nos croix.

Dans la vie religieuse il est plus facile de se sauver que dans le monde, parce qu'il y a moins d'occasions de péché.

Quand une âme embrasse la vie religieuse elle prend Jésus pour Epoux et Lui prouve ainsi qu'elle l'aime par-dessus tout.

Le Mariage aussi est une grande chose puisque le bon Dieu l'a élevé à la hauteur d'un Sacrement. Pour ceux qui sont appelés à cet état, le bon Dieu réserve des grâces qui les aideront à remplir fidélement leurs nombreuses et lourdes responsabilités.

Il faut se rappeler qu'il n'y a pas de noviciat pour le mariage, et que le lien qui unit les deux époux est indissoluble.

Prions beaucoup Notre Dame des Vocations pour que cette bonne Mère nous aide à faire ce que le bon Dieu demande de chacun de nous.

CARMELLE BEAULIEU

"Here we have our friend Carmelle,  
Gentle, "petite demoiselle".

Carmelle is small, but, did you not hear that "good things come in small packages?" Energetic and studious, Carmelle will surely make her mark in life. She is the violinist of the Senior Class and has contributed her share in many of our musical activities. Will Carmelle achieve success in the musical world or in the secretarial field — this is a question yet to be answered by the little Miss, herself. With you, Carmelle, go all our best wishes for your future.

## HISTORY OF OUR SCHOOL

Our Lady of Pity Elementary School, founded in 1901, is under the direction of the Sisters of the Holy Union of the Sacred Heart, a Religious Congregation founded in France in 1826, by Monsieur l'Abbé Jean Baptiste Debrabant. Opening with a group of two hundred and fifteen pupils, the school enrollment increased yearly. The Reverend Father Millet, S. M., Pastor of the Parish in 1931, appreciating fully the importance and excellence of Christian Education as emphasized by Our Holy Father the Pope, Pius XI, in his encyclical on "Christian Education of Youth", and realizing that education at the end of the eighth grade is very inadequate to meet present demands, conceived the hope of establishing a high school in which the children confided to his care would continue to receive intellectual, moral and religious training that would prepare them for higher studies or for the pursuit of a Commercial career.

With the co-operation of his generous parishioners, Reverend Father Millet was able to materialize his desire, and in the summer of 1931, a beautiful modern brick building was erected on the corner of Sargent Street and Notre Dame Avenue.

In September of the same year, the high school was opened with a class of nineteen pupils. They met in the Sisters' Community Room until the formal opening of the new building on January 3, 1932.

This new building contained nineteen well-lighted, well-ventilated classrooms, six of which were devoted to the high school. It was also provided with an auditorium with complete installation for motion pictures, a Principal's Office and a Nurse's Room where Doctor and Nurse regularly examine all the children.

From the very beginning of its existence, the high school was established on a basis that would give the student a complete and standard high school education. With this end in view Reverend Mother Soline, the Principal, a woman of wide experience in the educational field, an able and farseeing administrator, applied to the Catholic University of America for Affiliation. After fulfilling the required conditions, as cited below, Our Lady of Pity High School was officially affiliated in March 1935.

Conditions for affiliation are as follows:

- (1) The school must submit for approval a detailed statement of its curriculum, its equipment, and the qualification of its teachers.
- (2) The high school must give a course extending over four years and including a total of fifteen units, four of which must be devoted to English and three to some other subject. For the Commercial Course a total of sixteen units is required.
- (3) The affiliated high school must follow in each approved subject, the curriculum prepared by the University and toward the end of the second,

"In our heart, memory will hold,  
The thought of you, a heart of Gold".

Claire is always a good sport with a charming personality. Although she is very short, she has a big heart and is always ready to lend a helping hand. "Rain or shine", Claire is always on time. If her efficiency equals her punctuality, Claire will certainly have a bright future. She has blond hair and brown eyes, and is always dressed very neatly. She takes pleasure in all out-door sports. She has not revealed her future to us, but in whatever field you may choose to go, Claire, we wish you good luck.

third and fourth year, students who desire to obtain a diploma must take the examinations set by the University. The papers are sent to the University for correction and the student must make a grade of 70% in order to receive a credit. After successfully passing comprehensive examinations in Religion, English, Languages, Mathematics, History, and the Sciences the student is awarded a diploma.

While the proposed curriculum of Our Lady of Pity High School requires certain subjects, it allows, however, sufficient latitude, to enable students to meet their interests and purpose and to begin their preparation for a vocation, before they leave high school.

Since 1935, Our Lady of Pity High School has graduated 183 pupils. It has prepared these pupils to continue their studies for the priesthood, the religious life, the college, the nursing profession, and the business world.

William Joseph Dunn of the Class of '39 is now studying for the priesthood at the Marist Fathers' Seminary at Framingham, Mass. Eleven of the graduates have embraced the religious life and have entered the Congregation of the Holy Union of the Sacred Hearts. They are as follows:

THERESA COMEAU

"Theresa, our Senior so witty,  
Makes all of us girls very jolly".

Theresa, a carefree, humorous, and ambitious girl is one of the most popular members of our class. Without her friendly smile we would find certain moments very monotonous. However, when it is time for school work, she changes from a happy-go-lucky to a very serious student. Theresa is a good scholar, always aiming at a place on the honor roll. She also has a great liking for good music. Her ambition is to be a switchboard operator. Theresa's activity and tact augur well for her future. Her friendliness will be remembered by all the Class of '45.

# Notre Dame

Upon certification by the Dean of the Catholic University of America that the C. U. Examinations taken at Our Lady of Pity High School were equivalent to College Entrance Examinations, one of the graduates of the Class of '44 was accepted at the Massachusetts General Hospital without entrance examinations.

The Class of '44 has set the example for future graduates of Our Lady of Pity High School by having two of its members pursue higher studies a College.

Aline Chartier is now attending Emmanuel College and Jeannette Costin, Regis College. We wish Aline and Jeannette great success, and hope that their example will be imitated by many other future graduates.

The Business World has claimed a great number of our graduates, and the important and fine positions which they hold today is a proof of the good training they received at Our Lady of Pity School. May this be an encouragement to the present day pupils who are sometimes inclined to underestimate the importance of a good and serious high school course. Finally, we have many of our graduates who have already settled in life and have become fathers and mothers of children to whom we wish the privileges that we ourselves enjoyed in our dear Alma Mater.

We, the pupils of Our Lady of Pity High School are of French origin. Our parents, profound and loyal Catholics, faithful to the traditions of their ancestors, demand that their children be taught the language of their forefathers, and appreciating fully the opportunity of a high school education are most eager that their children enjoy the benefits of a good education.

Consequently, with the regular course of study prescribed for all parochial schools of the Archdiocese of Boston, the French language is taught in all the grades of the elementary and high schools. This, however, does not hinder the progress of the pupils in English or in other subjects. In fact, the pupils who speak and write French correctly, speak and write English equally well.

Many of our boys who have gone to Europe appreciate now the advantages of knowing French, and in all the letters they write home, they strongly recommend to their younger brothers and sisters to continue the study of French, their beautiful language.

We should consider English and French as twin-mother tongues and do all in our power to cultivate these two languages.

As American Citizens we should know and be able to use the language of the country in its finest and best expressions, and, as descendants of the French people we should proudly say:

## **"Conservons notre langue!"**

"Aimons-la donc notre chère et douce langue française. Aimons-la avec passion car c'est une des grandes langues civilisatrices de l'humanité. Mais ne nous bornons pas à l'aimer d'un stérile amour. Efforçons-nous de faire rayonner autour de nous sa beauté. Faisons-lui produire des œuvres belles, salutaires et fécondes. Qu'ici, comme ailleurs, elle soit par nos soins distributrice de vérité, de lumière et de progrès."

THERESE COTE

"Reserved and polite,  
Always inclined to do the Right".

Therese is a gentle girl whom everyone likes. She is an attractive brunette with large, sparkling, brown eyes. Not much over five feet and very slim, she looks like the typical American high school girl. Whenever we ask for Theresa's help, she is ready and willing. Theresa has a heart of gold and a spotless reputation. We, the Class of '45 are proud and privileged to have as its faithful member and true friend, Theresa Cote. We wish you smooth sailing in the long voyage of life, dear Friend.

YOLANDE LACHANCE

"A little nonsense now and then,  
Is relished by the best of women".

Yolande, a young lady with a happy-go-lucky, never-you-worry-me air, is one of the best-liked girls in school. She is always cheerful and eager to help everyone. Besides being carefree, she is also a hustler, at least when it comes to getting the assignment for the next period, five minutes before the class begins. We have had many happy experiences with this Lass, and we warn you, not to try to differ with her, because, although she is small, she still can handle any situation. Yolande's happy disposition is a great asset in life and we know she will smile her way through thick and thin

CLAI'RE LA ROCHE

"Knowledge in Youth is Wisdom in Age".

Claire, our Class President, is a worthy one. A Star Pupil, she is ambitious, studious, and kind in every way. Claire is liked by all and takes a keen interest in whatever concerns the class. Her motto is: "Let's all work together, Girls." That is a grand way to be, Claire; keep it up. Such a spirit of co-operation goes far in attaining worthwhile results. Although Claire has never disclosed any plans or hopes for the future, we are certain that whatever she will undertake, she will do with the utmost conscientiousness and capability. Farewell Claire, we enjoyed our school days with you.

And fortune caress you  
As you travel life's restless way.  
May you know the beauty  
Of doing your duty  
And living in honor each day.

HELENE MAILHIOT

"Will be a success,  
If that depends on lightheartedness".

Helene, our friend, seems to live in a little world of her own. Attentive to do the right thing at the right time, reserved and kind, Helene goes on day after day, "seen but seldom heard". What Helene will do in her future years is a secret to us, but we are quite certain that her life will be well spent and that she will be an honor to the Class of '45. All her classmates wish her a prosperous future.

## DUTY

Our duty in life is threefold: our duty to God, our duty to our neighbor, and our duty to ourselves.

To God, Our Creator and Father, we owe our deepest love, and this love must be in "deeds more than in words". St. John says in his Gospel: "My little children, let us not love in word nor in tongue, but in deed and truth". The reasons why we should love God are manifold. He has made us and given us all we have, He has fed us as He feeds the birds of the fields, and He has clothed us as He clothes the lilies. By day and by night, He watches over us and His great desire is to make us happy. We can prove our love to God by obeying His Commandments, by trying to accomplish His Holy Will in hard, as well as in easy tasks.

Directly from our duties to God proceed our duties to our neighbor, summed up in the Golden Rule of Charity: "Do unto others as you would wish them to do unto you". We should love our neighbor for God's sake. If we love a person simply because he is kind to us without any reference to God, this is only natural love. If we have true charity, we shall love disagreeable people as well, for they also are children of God. Let us remember

# Notre Dame

JACQUELINE MAROIS

"Our ideals are our possibilities".

Jacqueline, from the very beginning of her school life proved to be a very good scholar, always making the grades with flying colors. She is a very fond of music too. She thinks it is a waste of time to sit and watch a movie; she would rather be home practicing. Jacqueline's future career is between dress-designing and music. She has not quite decided yet; time will tell! No matter where Jacqueline will be, we feel sure that her perserverance, and her dignified manner will bring her success.

---

Father Damien's devoting his life to the lepers of Molokai and becoming a leper himself; then will we understand what true charity is. Naturally, there are some persons that we should, and must love more than others, for example, our parents, brothers, sisters, relatives, and friends. We must also love our Country and countrymen, out of gratitude for the many favors we receive from them. In this sad time of war, examples of spirit of self-sacrifice for Country are given every day on the different battlefields, hospitals and camps. Not only on the battlefields, however, are sacrifices offered for Country, but in the heart of the mother at home, suffering and praying for her son who is battling.

"The bravest battle that ever was fought,  
Shall I tell you where and when;  
On the maps of the world you will find it not,  
'Twas fought by the Mothers of Men."

Finally, our duty to ourselves is to so order our lives that we may attain our final end—Union with God. We should endeavor to obtain the necessary knowledge of God, of the duties of Religion and of our state of life. We should follow that inner voice of our soul called "Conscience" telling us what is right and what is wrong, in a word; it tells us what duty is. True, it may be hard at times to follow our conscience but, only at this cost, will we enjoy happiness on earth and in Heaven.

EILEEN O'CONNELL

"The color of the rose is reflected in Eileen's cheeks".

Eileen is our smiling blue-eyed Irish Senior. She entered the portals of our school in the fall of 1942 to begin her sophomore year under the guidance of our devoted teachers. Eileen believes in the golden rule of "Loyalty to teachers and classmates". She is never heard to say an unkind word; when she cannot excuse an action, she excuses the intention. This sterling quality will serve her in good stead no matter where her future field of action will be.

## CLASS SONG

Tune:

*"There's a Star-Splanged Banner Waving Somewhere"*

Here it last we find ourselves at Graduation,  
Crowned with laurels for our many years of work;  
Only those who really care for Education  
Know that our school duties we did never shirk.

### CHORUS

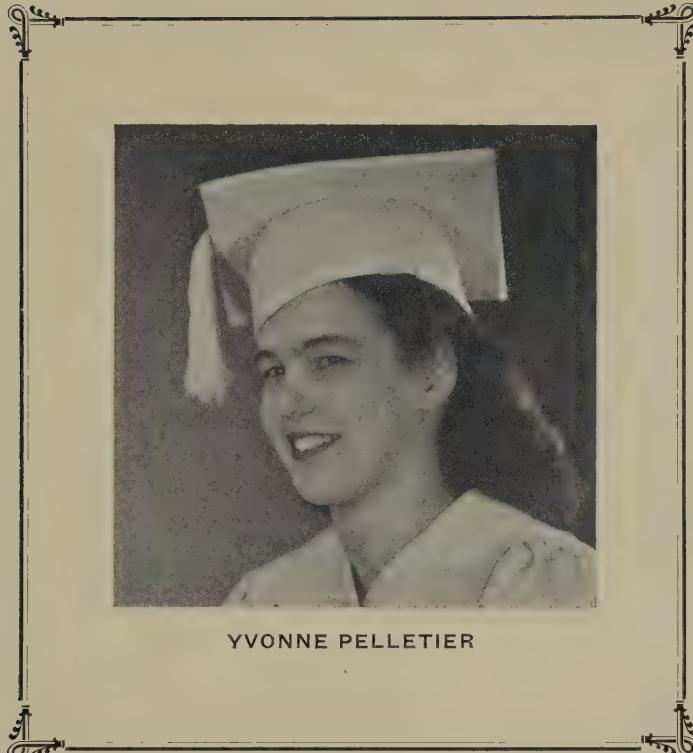

All school subjects we were fortunate to study,  
Classical, Religious, and Commercial, too;  
For all these, dear Alma Mater, we are grateful,  
And through years to come, we will be ever true.

We enjoyed twelve years of labor and contentment,  
Trying to obey always the Golden Rule,  
We appreciate our motto: "**Virtue—Knowledge**",  
That will guide us and keep all loyal to You.

YVONNE PELLETIER

"A blush is beautiful, but often inconvenient".

Yvonne has been with us since our kindergarten class. Although she is a timid young lady, she enjoys a good joke once in a while. Yvonne is a capable student and always on time with home work assignments. She finds time to take part in social activities and especially enjoys roller-skating. Yvonne wishes to attend a Secretarial School next year. We have no doubt that she will overcome all obstacles and enjoy great success in the commercial world.

CLAIRE POIRIER

"The more we know her, the more we like her,  
For she is gay and we cannot do without her".

Loyal and lovable are qualities which perfectly describe one of the nicest and most popular members of our class. Claire, five feet four, brown hair and eyes of blue, can always be seen with Edna and Theresa. These "Inseparable Three" have always been together since their kindergarten days. To become an efficient Comptometer Operator is Claire's chief ambition, and if we know her, she will certainly succeed.

EMMA ROY

"Our friend so true,  
We bid you now a fond adieu".

We are happy to have Emma as a member of our class. Like many other Seniors, Emma, is of the quiet type. She is a girl that will always try to do the best she can, no matter what the consequences may be. She is cheerful and kind and will endeavor to please you at any time. We wish you success and happiness, Emma, in whatever road you tread.

LORRAINE THERIAULT

"I hie me hither, and hie me home,  
But never a book have I".

Lorraine started high school with us, but after her second year, she moved away from Cambridge. Now in her Senior Year, she has come back to graduate with us. Lorraine is a very bright and talented young lady. She is most happy when performing chemical experiments. She is really the bravest to begin the experiments, but just a little explosion, and off she goes! Her fine spirit of co-operation was certainly appreciated by all her classmates who wish her a very bright and happy career.
